Breeder applications open for new RKC find a breeder service

The Royal Kennel Club (RKC) is calling for breeders to apply for Find a Breeder, a new online service designed to help breeders connect with prospective puppy owners who share a commitment of canine health, welfare and responsible breeding.

The searchable online directory will allow puppy seekers to easily find breeders who meet specific eligibility criteria, defined by the RKC, and make contact during the research phase of their search. It will also enable breeders to build waiting lists for planned litters, fostering lasting relationships that support informed decisions and positive outcomes for all parties.

Find a Breeder has been developed following feedback from our communities and to address a gap in the journey of purchasing a puppy. Feedback from breeders and puppy seekers highlighted the importance of creating greater opportunities for prospective owners to research their chosen breed, connect with breeders and begin conversations earlier in their search. While the RKC's existing **Find a Puppy** service allows future dog owners to find available litters, there has been limited opportunity to engage with breeders before puppies become available.

The new service requires breeders to apply via an online application form, which is then reviewed against defined criteria, including meeting the Good Practice health standard for relevant litters (where applicable) and breeding only breed standard colours.

Charlotte McNamara, Chief Canine Wellbeing & Engagement Officer, said: "Choosing a breeder you can trust is one of the most important steps in responsible dog ownership. Find a Breeder helps prospective owners begin that journey with confidence and provides the opportunity to conduct meaningful research at the earliest stage of the puppy-buying journey.

"Our new service has a multitude of benefits for both puppy seekers and breeders. For potential puppy owners, it offers an easy-to-use platform to connect with breeders and take a responsible approach to finding the right puppy. For breeders, it truly empowers them by enabling them to gauge future demand, build waiting lists and develop strong relationships with puppy seekers."

Braque Du Bourbonnais granted recognition by the Royal Kennel Club

The Braque du Bourbonnais will become recognised by the Royal Kennel Club with effect from 1 October 2026. The breed will be classified in the Gundog Group on the Imported Breed Register. Until such time as a Royal Kennel

Club interim breed standard has been published, the Braque du Bourbonnais is not eligible to compete at Royal Kennel Club licensed breed shows.

Originating from the Bourbonnais region of France, the Braque du Bourbonnais is an ancient pointing breed dating back to the 16th century. Once highly regarded as a hunting companion, the breed declined after the First World War but was successfully revived in the late 20th century. Today it is recognised for its versatility as a gundog and its friendly, adaptable nature, with growing popularity both in France and internationally.

Epagneul Français granted recognition by the Royal Kennel Club

The Epagneul Français will become recognised by the Royal Kennel Club with effect from 1 October 2026. The breed will be classified in the Gundog Group on the Imported Breed Register. Until such time as a Royal Kennel Club interim breed standard has been published, the Epagneul Français is not eligible to compete at Royal Kennel Club licensed breed shows.

The Epagneul Français is an ancient gundog breed originating in France, with records dating back to the 14th century. Traditionally valued for its intelligence, versatility and gentle temperament, the breed was widely used for hunting and retrieving game across varied terrain. Following a period of decline in the early 20th century, the Epagneul Français was successfully revived and is now

recognised internationally, with growing popularity as both a working gundog and companion.

The Royal Kennel Club will recognise 230 breeds of pedigree dog from 1 October 2026, following the simultaneous recognition of the Braque du Bourbonnais and Silken Windhound and the recognition of the Yakutian Laika and Miniature American Shepherd in July 2026.

Roxy and Fliss make history at International Agility Festival

A Beauceron from Wisbech St Mary recently became the first of her breed to achieve a Royal Kennel Club Gold Agility Warrant, defying expectations in a sport traditionally dominated by Border Collies.

Beaukita's Copenhagen AW(G), Roxy, is five years old and owned by software consultant Felicity "Fliss" Eales. Last month, the pair competed at the Royal Kennel Club International Agility Festival (6-9 August), following Roxy's historic achievement.

Roxy reached the milestone after earning her Bronze Agility Warrant in June 2024, Silver in March 2025 and Gold in June 2026, becoming the first Beauceron on record to achieve the award.

For Fliss, the achievement was particularly rewarding because of the journey it took to get there.

"It's incredibly exciting," she said. "We had a tough start together and she certainly wasn't the easiest dog to train, but she absolutely loves agility."

"She's only my second agility dog and we've grown together throughout the journey. She's taught me so much and we've built a strong connection that gets the best out of each of us."

The Beauceron is a strong French pastoral breed originally developed to herd and guard livestock. While admired for its intelligence, loyalty and versatility, it is often overlooked for agility, where lighter and faster breeds typically dominate.

At 37kg, Roxy is regularly one of the heaviest dogs competing, but Fliss believes that is exactly what makes her success so extraordinary.

© Dean Lindsay

"A Beauceron wouldn't normally be somebody's first choice for agility because they're such a powerful breed," she said.

"But Roxy is incredibly nimble, she turns tightly, is intelligent and her pastoral heritage gives her plenty of drive. We might never match a Border Collie for outright speed, but on more technical courses we're often right up there."

One of the breed's distinctive features is its double dewclaws on the hind legs, which often attract attention from spectators.

"People rarely recognise the breed when they see her," said Fliss. "They're always fascinated by her double dewclaws."

Away from agility, Roxy has also enjoyed success in the show ring, including being placed at Crufts and winning Best Bitch and Best of Opposite Sex at Boston Championship Show earlier this year.

Despite her impressive list of achievements, Fliss says Roxy is happiest simply spending time with her ball.

"But when it's time to relax, she's basically 37 kilograms of lapdog. She absolutely loves a cuddle."

The International Agility Festival's ABC (Anything But Collies) competition remained one of Fliss's favourite events because it gives less traditional agility breeds the opportunity to shine.

Reflecting on their performance at

“

I'd encourage anyone to give it a try because you never know what your dog might be capable of

this year's festival, Fliss said: "We had a couple of unplaced clears and finished in the top 20% of the Crufts Novice Cup. Over 220 dogs ran, so we're very pleased with that."

The results capped another successful outing for the pair and demonstrated their continued progress against strong national competition.

Fliss and Roxy are now preparing for Dogs In Need at Suffolk Showground, which represents their final opportunity this year to qualify for the Crufts ABC competition.

Looking further ahead, Fliss hopes Roxy can continue raising the profile of the breed. "I'd love her to reach Grade 7 and ultimately become the first Beauceron to compete at Championship level," she said.

She also hopes Roxy's success encourages more owners to discover the sport. "Agility gives you so much more than competition," she said.

"You make lifelong friends and become part of a brilliant community. I'd encourage anyone to give it a try because you never know what your dog might be capable of."

Jannine Edgar, Chief Executive at Royal Kennel Club said: “This year’s International Agility Festival has once again highlighted the inclusive and welcoming nature of the sport. With competitors travelling from all over the world to compete, the festival was a fantastic celebration of agility and the international community that surrounds it. Whether people were competing, volunteering to make it happen behind the scenes, or watching the fast-paced action from the ringside, the enjoyment was unmistakable. The amazing partnerships on display demonstrated the importance of working together and having fun with our dogs to enrich their lives. We hope the festival inspires more people to discover agility and become part of this joyous community.”

The Royal Kennel Club International Agility Festival will return 12-15 August 2027, continuing to celebrate the exceptional bond between dogs and handlers and inspiring the next generation of agility competitors.

Smooth Fox Terrier crowned Best in Show at Vulnerable Native Breeds Show

George, a Smooth Fox Terrier, has been crowned Best in Show at the Vulnerable Native Breeds Show, a show celebrating Britain and Ireland's Vulnerable native breeds.

Ch Ubble Du Manoir Saint Adrien at Byzantine (Imp Fra), known at home as George, and his owner Jane Peakin took the top honour at The Kennel Club Building in Stoneleigh, Warwickshire, on Saturday 15 August, after winning under Best in Show judge Miss Lucy Mottram.

The win shines a spotlight on one of the UK's least common native breeds, with just nine Smooth Fox Terrier litters registered in the first half of 2026. Despite being relatively unknown, the breed has attracted some famous owners over the years, including fashion designer Tom Ford and Queen Victoria, who have both owned several.

More than 422 dogs representing all 39 vulnerable British and Irish native breeds competed at the show. These breeds are officially recognised by the RKC as vulnerable, with fewer than 300 litters registered each year. The unique show celebrates and raises awareness of these rare and historic breeds.

Best in Show winner Jane Peakin, from Ashford, Kent, said: "I'm absolutely delighted to win Best in Show but doing it at this show holds a particular significance for me personally, as all

the breeds I have been involved with in more than 40 years of showing dogs; Mastiffs, Miniature Bull Terriers and Smooth Fox Terriers, are now on the vulnerable native breeds list. The Smooth Fox Terrier is a wonderful breed, and I'm thrilled to see it recognised on a day dedicated to our vulnerable native breeds."

The Smooth Fox Terrier is one of the 39 native breeds identified by the Royal Kennel Club as vulnerable due to low registration numbers. In 2025, 92 litters were registered, more than double the 45 registered in 2024.

RESERVE BEST IN SHOW

Reserve Best in Show was awarded to Paddy (Kebulak Mr Marvellous), a Kerry Blue Terrier owned by Miss JJ Pretty and Mr A Potts from Ashbourne, Derbyshire.

The Kerry Blue Terrier remains one of Britain and Ireland's lesser-known native breeds, with just 57 litters registered in 2025, down from 77 in 2024.

BEST PUPPY IN SHOW

Hunter (Silkcroft Play On Repeat), a Soft Coated Wheaten Terrier owned by Mr CW and Mrs CL Satherley from Tamworth, Staffordshire, was named Best Puppy in Show after impressing judge Darren Clarke.

Just 92 Soft Coated Wheaten Terrier litters were registered with the Royal Kennel Club in 2025, down from 130 in 2024.

RESERVE BEST PUPPY IN SHOW

Reserve Best Puppy in Show was awarded to Verumamicus Lord Falcor of Brakemill, a Skye Terrier owned by Mrs JA Curtis from Bewdley, Worcestershire.

The Skye Terrier had just 45 litters registered in 2025, compared with 71 in 2024.

BEST VETERAN IN SHOW

Best Veteran in Show went to Ottaryx Quinevere VW, an Otterhound owned by Mr D and Mrs S Porter from Poulton-le-Fylde, Lancashire, after impressing judge Gareth Brown.

The Otterhound is one of the UK's most vulnerable native breeds, with only three litters registered in 2026 ahead of the show. Just 10 litters were registered in 2025, down from 42 in 2024 and representing a 75% decline from the 40 registered in 2016.

RESERVE BEST VETERAN IN SHOW

Reserve Best Veteran in Show was awarded to Ch Lavaux Bahamian Chris, a Skye Terrier owned by Mrs R Heath from Shrewsbury, Shropshire.

Jacky Cutler, Secretary of the Vulnerable Native Breeds Show, said: "It was wonderful to see all 39 Vulnerable Native Breeds represented at this year's show. The breeds crowned Best in Show, Best Puppy and Best Veteran had just 194 registrations between them in 2025, highlighting just how vulnerable some of these historic breeds are. We hope the show encourages more people to discover them and helps secure their future for generations to come."

This year, some of the largest entries included 22 Cardigan Welsh Corgis, 21 King Charles Spaniels and 19 Otterhounds.

The Smooth Fox Terrier is a wonderful breed, and I'm thrilled to see it recognised on a day dedicated to our vulnerable native breeds

Surrey

Sue Finnett

SEMINARS:

- Points of The Dog
- Conformation and Movement

When Sue first started showing dogs, she quickly realised she needed to understand conformation and movement to improve her chances. She practised with her own Deerhounds and racing Greyhounds, having worked as a Greyhound vet for several years. When Conformation and Movement trainers were being sought, she and Hector applied and were accepted.

They used a Deerhound skeleton, their first champion - which even travelled with them to a seminar in Holland, thanks to a special DEFRA letter confirming he was rabies-free!

It's been a joy for her to see attendees compare bones on a live dog, like a Saluki or Whippet, with the skeleton and say, "I finally understand front construction!". She now judges several hound breeds and the Hound Group, and she's still learning - that's what keeps it fun.

Fun Fact: Their daughter, aged 7, once asked, "Where's the coupling?" and "Where's the brisket?" after reading their seminar diagrams. She went on to take the POD at Windsor Ch Show and passed - with just one mistake!

T: 07778 636997

Jeff is one of the UK's most experienced and versatile dog show judges, approved to award Challenge Certificates in all breeds across all seven groups, and a former Best in Show judge at Crufts. He began judging in 1982 and awarded his first CCs in Dachshunds in 1989. His judging career has taken him across Europe, South and North America, Asia, and Australia.

Jeff is a highly regarded seminar presenter and breed educator. He regularly delivers Breed Appreciation Days, Judges Education Programme

(JEP) sessions, and online seminars for breed clubs and aspiring judges.

His presentations are known for their clarity, depth, and practical relevance, making him a trusted voice in judge development and breed education.

Fun Fact: Jeff's journey into the dog world began thanks to a family Great Dane. His mother, Ann Foxwell, founded the Auldmoor kennel, and Jeff was soon handling dogs at shows - often going where the Dane took him!

E: davidcavill@btconnect.com

T: 01225 752551

David has been around dogs for a very long time, having first judged in 1975 while he was still a teacher at a very large comprehensive school. He now gives tickets in over 30 breeds across four groups. He has been very lucky: his mentors have included Joe Cartledge, Bobby James, Terry Thorn, Di Johnson, Pamela Cross Stern, Les Crawley, Wendy Boorer and Mike Stockman, and he shares many of those insights with his students in his seminars. He has been at the forefront of judges education since 1980, and his column, 'Speakers'

Corner in Our Dogs, which often discusses many aspects of judging, has been running for over twenty-five years. His book 'Judging Dogs - Thinking Outside the Box' was published last year and provides many fresh and unique insights into the theory and practice of judging.

Fun Fact: He is impatient of rules and regulations but is happy to follow them so long as no one tells him what to do!

E: tiblets260950@yahoo.com

T: 01506 826563

Sheila has been involved in showing and breeding Tibetan Spaniels for more years than she cares to remember. With over two decades on the Scottish Kennel Club committee, she remains actively engaged at all levels of the dog show world. She currently serves as Vice-Chairman of a breed club, Chairman of a general canine society, and Secretary of another.

Sheila was first encouraged to get involved in training when it was introduced by Eleanor Bothwell, though she waited until she had more time before fully committing.

Now a dedicated trainer, she finds it a rewarding way to support others on their journey toward judging their beloved breeds.

Recognising how daunting that path can feel, Sheila is passionate about offering guidance and encouragement to those just starting out. She takes great pride in watching trainees progress, sharing in their enthusiasm, and being part of their development.

Fun Fact: When she's not working with dogs, Sheila's often tending to her garden.

David's interest in pedigree dogs began in 1995 when his family welcomed their first Labrador. Showing became a passion around five years later. His two main showing breeds today are Gordon Setters and Weimaraners, in which he has owned champions, group winners, and Best in Show winners. He has also owned an Irish Setter and a Pointer Champion, and currently shares his home with Border Terriers and a Whippet.

He is passed to award Challenge Certificates in twelve gundog

breeds and the Gundog Group at championship level. As a Royal Kennel Club Accredited Trainer for all seminars, he particularly enjoys working with up-and-coming judges, sharing knowledge and experience to support their growth and confidence.

Fun Fact: David maintains a successful flock of Shetland Sheep - which he also shows, of course! They have received numerous top awards and consistently achieved leading prices at breed society sales.

GERMAN PINSCHER

At its recent meeting the Board approved the following amendments:

BRIEF HISTORICAL SUMMARY The German Pinscher originated in Germany in the 19th century and was used as a stable-dog to protect, guard and to exterminate vermin. He has the same ancestors as the Schnauzer which was also called the rough coated Pinscher. From the beginning, the smooth haired Pinschers differed from the rough haired in their colour and their short coat. They are descendants of the Rat Catcher, Great Ratter, or Rat Pinscher which became extinct in the 1800s. The German Pinscher was one of the foundation breeds in the development of the Dobermann and Miniature Pinscher breeds.

Royal Kennel Club AGM

The Royal Kennel Club Annual General Meeting 16 June 2026

The Royal Kennel Club held its Annual General Meeting on 16 June 2026 at Friends House, 173-177 Euston Road, London.

1. The Chairman, Mr Ian Seath, opened the meeting at 11.30am. He welcomed Members to the meeting and introduced the panel – Mr Paul Eardley, the Vice Chairman, Mrs Jannine Edgar, Chief Executive and Secretary, and Mr Andrew Lawson, Chief Financial Officer. The Chairman explained that the votes received in advance of the meeting had been counted by the independent scrutineers, Mi-Voice, who would also oversee the counting of votes at the meeting.

Before continuing with the agenda, the Chairman reported that the following members had died since the last meeting: Honorary Life Members: Mrs J Cule, Mr G Mitchell and Mr R Page. Members: Mr J Bispham, Mrs P Blay, Ms D Butler, Mr DF Clark, Mrs P Dufty, Mr D Green, Mr E Hughes, Miss G Lawless, Mr SJ Mallard, Mrs S McCourt, Mrs R Morgan, Mr M Rees, Mrs M Swash, Mrs CJ Wallace Baga, Mrs AM Walton and Mr T Wilcox. The Members stood in their memory.

2. The Members received the report of the Annual General Meeting (item 2) held on 24 June 2025 and published in the September 2025 issue of the Kennel Club Journal, and the report of the Special General Meeting (item 4) held on 19 November 2025 and published in the February 2026 issue of the Royal Kennel Club Journal.
3. The Chairman advised that there had been no notification of items arising from either of the reports.
4. The Chairman then moved to item 6, which was to receive a report from the Board in accordance with the Articles of Association of the Royal Kennel Club Limited (Article 41.3.1).

The Chairman opened by emphasising that the Royal Kennel Club's purpose is centred on dogs and the relationship between dogs and their owners, which underpins all the organisation's work.

Reflecting on priorities of communication, governance and finances, he stressed the importance of maintaining a strong, supportive community, particularly during periods of challenge and change.

While recognising that robust debate is healthy, he highlighted concerns about unconstructive behaviour both online and at events, calling on members to act as ambassadors for the organisation and support one another.

The Club has sought to improve openness and transparency through more frequent communication, engagement with Members and detailed updates on key issues. Members were encouraged to engage constructively with information provided.

The Chairman reiterated the importance of the Pledge for Respect, Sportsmanship and Civility, stating that constructive feedback is welcome when delivered fairly and respectfully. The Club aims to foster a culture where people feel welcome, participation is enjoyable and unacceptable behaviour is not tolerated.

Governance reforms continue following the

Special General Meeting, with further updates to be provided on efforts to streamline and strengthen governance arrangements.

On finances, the Club's audited accounts are not yet available due to increasing regulatory and operational complexity, but work continues to provide full financial information to members in the next few months. Positive progress was reported from Friends of the Royal Kennel Club, which has generated new income through events and hospitality activities.

The Chairman stressed that achieving consistent profitability is essential if the organisation is to sustain sporting activities, breed health initiatives and support for affiliated clubs and societies.

Declining registrations remain a significant challenge, reducing related income streams such as microchipping and insurance. While the rate of decline has eased, it has not reversed, prompting efforts to diversify income sources and reduce reliance on registrations.

Initiatives such as Friends of the Royal Kennel Club and Crufts Club are intended to broaden engagement beyond the traditional membership base and create sustainable revenue that can be reinvested into canine activities and member services.

Following events at Crufts 2026, the Club has reviewed its approach to risk, reputation and public scrutiny. New safeguards, including strengthened exhibitor declarations and veterinary health checks for Best of Breed winners, are being introduced to protect the event's integrity and reputation.

Significant focus continues on canine health and welfare. The Chairman highlighted concerns around exaggerated conformation in some breeds and reaffirmed the Club's commitment to promoting healthy dogs through evidence-based approaches.

The Nose-to-Tail project, led by the Health and Wellbeing team, is progressing as part of the Club's broader work on breed health, conformation and welfare.

While acknowledging concerns about the Innate Health Assessment (IHA), the Club's position is to engage constructively with experts, regulators and stakeholders while continuing to advocate for healthy conformation standards.

Members were reminded that substantial work is underway with external stakeholders and specialists to influence policy and promote informed discussion on canine health and welfare issues.

The recent independent review of the Judges Education Programme identified both strengths and areas for improvement. The Board and Judges Committee are considering the recommendations, with a focus on ensuring judging remains fair, transparent, credible and fit for the future.

Looking ahead, the Chairman emphasised that the Royal Kennel Club must adapt to changing social, economic and regulatory circumstances. While change may be uncomfortable, it is necessary to secure the organisation's long-term sustainability and influence.

Members were encouraged to support positive change, engage constructively, promote facts over rumours, uphold standards of sportsmanship and civility, and remain united by their shared commitment to dogs and their welfare.

The Chief Financial Officer, Mr Andrew Lawson, reported on Royal Kennel Club finances.

Positive progress has been made since the November 2025 Special General Meeting across finance, systems, and organisational development.

The delay to the 2025 audited accounts is due to implementation of a new finance system and the recruitment, training and embedding of a new finance team.

Financial controls remain robust, issues identified in the 2024 audit are being addressed, and the organisation expects to achieve a clean audit for 2025.

The audited 2025 accounts are expected to be presented to members at the Special General Meeting in November 2026 following review and approval by the Risk & Audit Committee and the Board.

The Royal Kennel Club expects to report a significant net loss in 2025.

Despite challenges including cost-of-living pressures, declining registrations and economic uncertainty, the organisation is making progress in strengthening its financial resilience and working towards sustainable profitability.

Significant investment has been made in strengthening finance processes, controls, systems, skills and expertise to support long-term strategic growth.

A new Microsoft D365-based finance system, known internally as 'Pawpoint', was launched in April 2026 and is improving financial management, reporting, approvals and visibility of income and expenditure.

Progress has been made on the sale of the Emblehope & Burngrange Estate, with contracts exchanged. The sale is expected to generate a profit and cash return for the organisation.

The Royal Kennel Club remains in a strong financial position with positive cash reserves, no long-term debt and no overdraft facility.

A successful Crufts event and the 2025 brand relaunch have improved financial performance and strengthened the organisation's attractiveness to commercial partners.

Year-to-date performance is profitable and ahead of the previous year, although achieving the 2026 break-even target remains challenging. Key priorities include:

- Applying a stronger commercial mindset.
- Maximising customer and supplier relationships.
- Maintaining strict control of costs, cash and profitability.
- Increasing accountability for revenue generation.
- Strengthening finance capability across the organisation.
- Improving financial literacy and organisational skills.
- Using data and technology to create scalable and effective systems.

The Board and Executive team remain committed to achieving financial targets and securing the organisation's long-term future. Sustainable profitability will enable greater investment in:

Royal Kennel Club AGM

- Member experience
- Support for clubs and societies
- Canine health and wellbeing research
- Breeder development and support.

Strategic growth initiatives, including expansion of Petlog and Crufts Club, are underway and are expected to contribute to future revenue growth and support the organisation's wider purpose.

Members were encouraged to support these initiatives as part of the organisation's journey towards long-term financial sustainability and reinvestment in dogs, Members and the wider canine community.

The Chief Executive, Mrs Jannine Edgar, gave her report.

Significant progress has been made since the 2025 AGM and SGM, with much of the work and achievements captured in the 2025 Annual Report.

Charlotte McNamara has joined the Executive Team as Chief Canine Wellbeing & Engagement Officer, strengthening the organisation's focus on canine health, welfare, responsible ownership and stakeholder engagement.

Following the granting of the Royal prefix, the Royal Kennel Club and Crufts brands were relaunched with a new identity and the 'At Their Service' campaign, aimed at increasing relevance and engagement with a wider audience while maintaining pedigree heritage.

Public recognition and relevance of the organisation improved significantly following the rebrand, particularly among younger dog owners, contributing to stronger performance across core products and services.

Petlog has been expanded through a collaboration with Identi, including the introduction of new microchip products and subscription-based services designed to improve pet reunification and provide additional value for owners.

Registration services continue to deliver high customer satisfaction, processing substantial volumes of registrations and enquiries while maintaining strong service standards.

While puppy registration numbers continue a long-term decline, the trend has softened, and efforts are underway to reinforce the value of pedigree registration through breeder engagement and health initiatives.

Greater collaboration between departments has improved customer service, training and understanding of customer needs.

Participation and success in a wide range of activities remain strong, including Agility, Heelwork to Music, Obedience, Rally, Field Trials and Working Trials. Young competitor participation has grown substantially, providing encouraging signs for the future of canine sports and activities.

Scruffts and Junior Warrant competitions continue to attract high levels of interest, helping introduce new audiences to Royal Kennel Club activities and encouraging wider participation.

The organisation continues to support and promote prestigious championships and traditional canine disciplines while balancing modernisation with preservation of heritage.

Crufts 2026 delivered strong visitor engagement, record trade stand income,

successful new attractions, positive feedback from exhibitors and continued recognition as the world's leading dog show.

Relationships with international kennel clubs, sponsors and commercial partners have been strengthened, including extensions of key partnerships and sponsorship agreements.

The partnership with the NEC has been extended through to 2029, reflecting a shared commitment to growing Crufts and attracting new audiences.

Ticket sales, media coverage, social media engagement and overall brand visibility reached record levels, contributing to significant revenue growth without increasing marketing expenditure.

Crufts Club remains a key strategic initiative aimed at engaging dog owners who do not currently participate in Royal Kennel Club activities, helping grow participation, awareness and long-term revenue.

Best in Show 2026 affected Crufts brand perception, which impacted planned marketing of Crufts Club. Instead of a full launch, we are taking a gradual approach, using early feedback and learning to refine the platform and its future offering.

Significant health and welfare work continues through initiatives including the New Future for Dog Breeding Report, the Breeder for Health Framework and the Nose-to-Tail Veterinary Visual Assessment.

These programmes aim to support healthier breeding practices, improve canine welfare and provide breeders with practical frameworks for making informed breeding decisions.

Engagement with government, regulators and other stakeholders continues to ensure the Royal Kennel Club plays a leading role in shaping future policy relating to dogs, breeding, health and welfare.

Members were encouraged to support and advocate for the organisation's direction, helping drive progress and strengthen the future of the Royal Kennel Club and the wider dog community.

Ms Charlotte McNamara was introduced by Mrs Edgar.

Ms McNamara set out her vision as the new Chief Canine Wellbeing & Engagement Officer, highlighting her lifelong connection to pedigree dogs and commitment to the Royal Kennel Club community.

She described the Royal Kennel Club as more than an organisation, emphasising its heritage, community and shared passion for dogs.

The organisation is entering a new era and must respond to changing expectations, a shifting canine landscape and an increasingly digital environment.

The Royal Kennel Club aims to become more accessible, approachable and relevant while maintaining its role as a custodian of pedigree dogs and canine activities.

A key priority is promoting the value of pedigree dogs while also welcoming all dog owners into the wider canine community.

The Club intends to use both the Royal Kennel Club and Crufts brands to reach new audiences, encourage participation and share expertise more widely.

There was a strong emphasis on celebrating the organisation's expertise in canine health and wellbeing and strengthening its reputation as a global leader in these areas.

Protecting the future of pedigree dogs, maintaining high standards and building trust through integrity, transparency and good governance were identified as core objectives.

The Club wants to create more opportunities for breeders, exhibitors and participants to become involved, develop their skills and benefit from mentorship.

Greater emphasis will be placed on demonstrating the enjoyment, social value and accessibility of canine activities and events.

The organisation intends to remain open to innovation, explore new opportunities and engage with emerging communities and activities within the dog world.

The Breeding for Health Framework has been developed to provide practical guidance for breeders and support healthier breeding decisions across groups of breeds with shared challenges.

Work continues on reviewing and improving the Judges Education Programme, with ongoing consultation and assessment of recommendations from the independent review.

A wider activities strategy is being developed to support growth across canine sports and activities beyond breed showing.

Priorities include improving the experience for competitors, judges and participants, and ensuring the Royal Kennel Club adds clear value across its activities.

Dog grooming has been identified as a growing area of focus following a successful introduction at Crufts, with work underway to determine how best to support grooming professionals.

Dog training remains a key strategic priority, recognised as an important gateway into canine activities and participation.

Members were encouraged to remain actively engaged as the organisation develops its strategies for activities, judging, breeding, health and wellbeing.

- Questions from the floor were raised and discussed on vulnerable breeds, Russian breeding stock, support for training clubs, the RKC survey and RKC merchandise.
- Item 7 had been listed as an update on the Royal Kennel Club Limited's audited accounts for the year ended 31 December 2025. It was noted that this matter had been addressed at item 6b and the Chairman turned to item 8.
- Item 8 was to appoint Price Bailey LLP as auditors for the ensuing year. This was proposed by the Board, and it was confirmed that no seconder was required under the terms of the Articles of Association. With the inclusion of the proxy votes, this was carried.
- The Chairman then turned to item 9, the election of Vice-Presidents for the ensuing year.

On behalf of the Board, the Chairman proposed the following for re-election as Vice-Presidents: Professor Steve Dean BVetMed MRCVS DVR, The Lord Kirkham CVO and Sir John Spurling KCVO OBE. Mr Tony Allcock OBE was proposed for election as a Vice-President.

Royal Kennel Club AGM

It was confirmed that the proposal did not require a seconder under the terms of the Articles of Association. The Chairman invited the Members to vote using their ballot paper which would also be used for item 11.

9. The Chairman invited the Vice Chairman, Mr Paul Eardley to present item 10 of the agenda, the proposed election of Mr Thomas Johnston, Lady Watson of Richmond, Mr William Moores, Mrs Heather Morss and Mr Albert Wight as Honorary Life Members of the Royal Kennel Club in accordance with Article 33. Mr Eardley invited the Members to vote using their ballot paper which would also be used for item 11.

10. Item 11 was the election of eight Directors in accordance with Article 29; for a three-year term. There were 9 candidates, eight of whom were retiring by rotation and who were offering themselves for re-election and one further nomination. Those standing were Mrs Maureen Reynolds, Mr Graham Partridge, Mr Stuart Payne, Mr Paul Harding, Mr Mark James, Mrs Alison Scutcher, Mr Hector Heathcote, Mrs Christine House and Mr Paul Eardley.

Once the ballot papers had been collected, the Chairman moved to item 12 of the agenda.

11. Under item 12, Mr Paul Eardley gave an update on the Governance review.

Since the 2025 SGM, significant progress has been made on governance reform, particularly following Members' approval of rule changes that enabled a comprehensive review of committee structures and responsibilities.

All committees, except the Judges Committee, have completed reviews of their terms of reference, with greater delegation of authority intended to make better use of volunteer expertise and reduce the workload of the Board.

Updated committee terms of reference have been approved and published, with clear processes established for appointing committee members. The Activities Committee led the way by refreshing its membership through a transparent election process. Other committees are expected to refresh gradually to balance renewal with experience and continuity.

Liaison Council reforms have been implemented and are generally operating well.

Progress on wider Board governance reform has been slower than anticipated due to significant demands created by other organisational priorities and issues.

The Governance team continues to spend considerable time dealing with disputes and complaints that detract from strategic governance work.

Feedback on future Board structures has been limited, but several governance options remain under consideration.

Potential models include:

- Retaining a larger volunteer-led Board.
- Reducing the number of elected directors.
- Creating specialist Board positions based on specific skills and responsibilities.
- Establishing a smaller business-focused Board supported by a separate sporting or activities body.

The Board intends to devote further time to reviewing governance options and aims to

present either proposals or a substantial update at the next Special General Meeting.

A key theme is balancing the Royal Kennel Club's heritage and member-led traditions with the demands of managing a modern and increasingly complex organisation.

The overall governance structure has been simplified, with fewer working parties and greater emphasis on clear objectives, defined responsibilities and limited timeframes.

New working groups are now created with specific purposes, clear terms of reference and planned completion dates to avoid unnecessary continuation.

The newly established Canine Sporting Activity Steering Group is reviewing ways to increase participation, strengthen canine activities, simplify processes and identify opportunities for future development and growth.

12. Under item 13, the Chairman gave an update on the Royal Kennel Club Membership model proposals.

The Club Committee has continued developing proposals to broaden membership through a tiered membership model designed to increase engagement, attract new participants and create an additional sustainable income stream.

The proposed approach aims to expand membership while protecting the rights, privileges and integrity of existing members.

Progress has been made on the structure of the model, although development has taken longer than anticipated due to limited organisational capacity and competing priorities.

Further work is required to determine the benefits, value, pricing and long-term viability of the different membership tiers before formal proposals can be presented.

No final decisions have been made, and the proposed tiers remain subject to further consultation and refinement.

The first stage of implementation would require amendments to the Articles of Association to establish and define the new membership categories.

Under the current proposal, existing members and overseas members would move into a 'Life Member' category, while Honorary and Honorary Life Members would retain their current status and rights.

Friends of the Royal Kennel Club would remain a separate initiative, focused on engaging people who wish to make use of Club facilities and services.

The Club Committee continues to seek member feedback on the proposed model, and member survey responses have helped inform discussion.

Simon Parsons was invited to comment, as he had raised the matter at the 2025 AGM. Mr Parsons welcomed the progress made and reiterated the importance of creating a more inclusive and welcoming pathway into the dog world. Given declining participation in canine activities, new members should be able to progress towards full membership and voting rights within a reasonable timeframe of no more than five years.

13. The Chairman then turned to item 14, which was a proposal on behalf of the Board that Rule A(A)9 Dress Code be amended.

The Chairman invited the Members to vote using the ballot paper.

14. The Chairman then moved onto item 15, to receive an update from Dr Ed Hayes and Dr Alison Skipper on the Innate Health Assessment (IHA) and the associated work of the Royal Kennel Club and APGAW (All Party Group for Animal Welfare).

Dr Ed Hayes gave the following update.

The RKC Public Affairs team focuses on two key areas:

- Influencing legislation and policy to ensure the Royal Kennel Club's views are represented, including supporting, amending, or opposing proposed laws and policies.
- Monitoring upcoming legislation and policy changes affecting dog welfare, stakeholders, and the organisation, and keeping relevant parties informed.

The team promotes responsible breeding and dog health as its central priority. It builds relationships with politicians, ministers, civil servants, and other stakeholders.

It produces policy reports, responds to consultations, and advocates on key issues affecting dog welfare and breeding.

APGAW is an All-Party Parliamentary Group with no direct authority to create or change law. It published *Healthier Future for Pedigree Dogs* report in 2009 and instigated a review in 2022.

APGAW formally launched the IHA in late 2025. It is a 10-point visual assessment of physical characteristics such as skin folds, muzzle length, and tail length.

It is not government policy anywhere in the UK and is not a mandatory requirement of breeder licensing. However, some local authorities may choose to consider it during licensing inspections.

The RKC has engaged with civil servants, ministers, politicians, and local authority inspectors to raise concerns about aspects of the IHA.

The RKC promotes its own health standards and testing programmes. It is developing the Nose-to-Tail Project, a visual veterinary assessment initiative that will be a key focus of future discussions.

Dr Alison Skipper gave the following update.

In April, the Royal Kennel Club (RKC) hosted a meeting between APGAW and breeders to discuss concerns about the IHA, including merle genetics, ground clearance, taillessness, dentition, pass/fail thresholds, and impact on licensed breeders. Many breeders felt the scheme disproportionately affects compliant breeders rather than poor breeders operating outside regulations.

Following ongoing discussions, APGAW amended the merle criterion, allowing breeding from genetically tested merle dogs. APGAW has also committed to reviewing IHA criteria in November and considering evidence generated through the RKC's Nose-to-Tail project.

APGAW has agreed to continued engagement with breed groups and will consider Nose-to-Tail as a potential formal alternative to the IHA for pedigree dogs.

The RKC supports the principle behind the IHA, namely that dogs should have healthy, functional

Royal Kennel Club AGM

bodies, but believes some current criteria require revision. Maintaining involvement ensures the RKC can influence discussions and promote canine welfare.

Nose-to-Tail is a veterinary-led visual assessment of conformation, carried out by trained vets. It complements, rather than replaces, existing health screening tests and focuses on visible features linked to health problems when present in extreme forms.

The scheme is designed as a standardised, one-time pre-breeding assessment, helping breeders compare dogs, track breed trends, and monitor progress away from extreme conformations.

The draft framework includes 14 graded criteria:

- 10 observational assessments.
- 4 measured body proportion ratios, including the craniofacial ratio linked to respiratory disease risk.
- Most criteria are scored from 0 (no concern) to 3 (extreme concern).

Movement will be assessed separately as acceptable or unacceptable, rather than through a graded score, due to variation between breeds and causes of movement issues.

Development has involved 23 veterinary experts, extensive breeder consultation, feedback from more than 200 breeders across 128 breeds, and multiple revisions to the criteria.

Pilot assessments will take place during the summer, followed by assessor training in autumn and a soft launch in November, allowing further refinement before full implementation

15. A short discussion then followed which included comment on adverse impact of the IHA and

disparity across local authorities, ear cropping, and preservation of historical breed type.

16. Item 16 was to receive a report from the Crufts Committee. The Chairman of the Crufts Committee, Mr Tom Mather, reported on the 2026 show.

Crufts 2026 was a highly successful event, attracting nearly 19,000 dog show entries, with around 24% of entries from overseas, reinforcing its status as a leading international dog show.

The introduction of Hall 8 expanded the event, providing space for the Young Royal Kennel Club and the International Grooming Competition, while supporting a broader range of canine activities.

The new Royal Kennel Club and Crufts branding delivered strong results, with significant increases in media coverage, broadcasting reach, and video engagement.

The event benefited from the attendance of HRH Prince Michael of Kent and the leadership of the Events team, supported by sponsors, staff, stewards, volunteers, exhibitors, media partners, and the NEC team.

Tribute was paid to Dave Clark and Roy Page, who had recently passed away. Their longstanding contributions to Crufts had helped shape the show's character and success.

Tribute was paid to the winners of all the various competitions and events.

Looking ahead, the Royal Kennel Club plans further innovations for Crufts 2027, which will mark the 20th anniversary of Best in Show being held in the Arena.

17. The Chairman then moved to item 17 of the agenda, General Business, and advised that none had been received. He then announced the results of the items voted on by paper ballot, as follows:

Under item 9, the following were re-elected as Vice-Presidents: Professor Steve Dean BVetMed MRCVS DVR, The Lord Kirkham CVO, Sir John Spurling KCV OBE. Mr Tony Allcock OBE was elected as a Vice-President.

Under item 10, Mr Thomas Johnston, Lady Watson of Richmond, Mr William Moores, Mrs Heather Morss and Mr Albert Wight were elected as Honorary Life Members of the Royal Kennel Club in accordance with Article 33.

The Chairman announced the result of the voting on item 11, the ballot for members of the Board, and announced that the eight members elected for a three-year term were Mrs Maureen Reynolds, Mr Graham Partridge, Mr Stuart Payne, Mr Paul Harding, Mr Mark James, Mrs Alison Scutcher, Mr Hector Heathcote and Mr Paul Eardley.

The Chairman thanked all the candidates for standing to be a Director of the Royal Kennel Club.

The Chairman announced the result of the voting on item 17 Rule A(A)9 Dress Code. The item had reached the two thirds majority threshold required and was carried.

18. The Chairman thanked the Members for attending the meeting and declared the AGM closed at 2.42 pm.

[Afternote: At the Board meeting following the AGM, the RKC Board of Directors elected Mr Gavin Robertson as Chairman.]
